Notes:

Final grants are subject to several factors. These include:

- a) IAC and Federal Highways Administration (FHWA) approval and
- b) rules and recommendations regarding maximum amounts to be distributed among motorized, nonmotorized, and education projects.

Preliminary estimates were that at least \$1,009,344 would be available for NRTP grants this year. In mid-August 2005 the FHWA revised this estimate, indicating that perhaps \$200,000 to \$300,000 more would be available.
